

CVSTOS

THE TIME KEEPER

at

 **BASELWORLD 2016**
HALL 1.1
MARCH 17-24 2016

In 2016 CVSTOS will be participating in Baselworld, the world's most famous watch fair, coinciding with the occasion of its 10th Anniversary. Showcasing its collections and novelties in a central position of Hall 1.1 CVSTOS will be engaging a new chapter in its own history.

Famous for its distinctive modern approach to design and balancing traditional watchmaking with latest technological innovations, CVSTOS is ready to amaze with new models and by introducing innovative elements and materials to its ranges.

In January 2016 CVSTOS will maintain its traditional attendance to WPHH hosted by the Franck Muller Group in Geneva, offering a preview of what March will bring.
