CVSTOS is proud to announce its presence in the impressive exhibition featuring the world's finest tourbillon, in Singapore.

Sincere Fine Watches, one of Singapore's leading watch retailers, will display during this exhibition an exceptional work, a selection of 20 of the finest and most innovative watch brands. CVSTOS will be there, of course, among the 100 most remarkable tourbillon watches.

The exhibition is considered one of the most extensive and comprehensive tourbillon showcases ever conceived and developed in Asia.

The 100 TOURBILLONS is organized into four distinct categories:

- Core Tourbillons
- Tourbillons with Complications
- Multi-tourbillons
- Jewellery Tourbillons

CVSTOS will present here two pieces of choice, the Jet-Liner Tourbillon and the Challenge Tourbilon Sport 2, both categorized under Core Tourbillons.

The exhibition will run until the 12th of February 2014.
