WPHH Monaco October 2012

At what is now an unmissable Haute Horlogerie gathering on the French Riviera, Cvstos took part for the 4th consecutive year in the World Presentation of Haute Horlogerie held in the unique setting of the Grimaldi Forum in Monte Carlo.

Three days of exhibitions arranged by the Franck Muller group were punctuated by an exceptional programme of events. Cvstos had the pleasure of greeting its clients in relaxed, convivial surroundings, from a Gala evening at the Hôtel de Paris to waterside cocktails on the beach at the Méridien Beach Plaza. A notable attendee was Mrs Chu, new shareholder of the Sincere Watch group, who came from Asia with her entire team especially for the event.

The latest new models by Cvstos include two additions to the Challenge Jet-Liner range:

Challenge Jet- Liner Carbon and Challenge Jet-Liner Daedalus Edition

This splendid event was an opportunity for members of this global network to meet each other in one of the most prestigious settings in the world. This unmissable gathering takes place again in 2013, an event which is eagerly awaited!
